NEEDS AND USES: The primary objective of the Post-Election Voting Survey of State Election Officials, conducted on behalf of the Federal Voting Assistance Program (FVAP), is to gather feedback from the state election officials (SEOs) responsible for administering the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) on behalf of the military and overseas voters. This customer service focused survey will help FVAP understand how it can best engage election officials and identify areas where its processes can be improved. This ongoing evaluation will help determine the extent to which FVAP is achieving its mission and what actions FVAP might be able to take in the future to improve its products and services. Conducting this research will help FVAP meet its federal and congressional mandates in terms of ensuring that UOCAVA voters are receiving adequate support from state officials in the registration and voting process for federal elections. The data obtained through this study is also intended to provide insights into existing barriers to UOCAVA voting and recommendations for addressing these challenges. To obtain the necessary information, the Post-Election Voting Survey of State Election Officials project will use data collected from the population of SEOs from all 50 U.S. States, the District of Columbia, and the four U.S. territories covered under UOCAVA: Puerto Rico, Guam, American Samoa, and the U.S. Virgin Islands.
